# BRACKET GAMBLERS INFORMATION

**But what's the Bracket Gamblers all about?** This special one of a kind ET Bracket is open to all street legal cars, race cars (Doorslammers only). It is intended to run a maximum of 16, or a minimum of 4 vehicles (which ever prevails at Signing On) in an ET Bracket Racing event with predicted dial-ins where the winner and runner up takes home a cash prize and a trophy for his/her efforts. But what is ET Bracket Racing!!!!

**How does it all work?** ET Bracket Racing is a handicap race which gives the slower vehicle a head start. The difference between vehicle A starting first before vehicle B is determined by the difference of dial-in times by which each driver writes his ET on the rear of the vehicle. For example driver/rider A may dial-in a time of 12.50 seconds and driver/rider B a time of 13.30 seconds. A quick calculation reveals that driver B gains .8 of a second advantage at the start from the activation of the green light in his lane only. Driver/rider A on the activation of the green light in his lane has to catch driver/rider B to win the race thus making for close competitive racing at the finish line. This is why it is important to get a good start. However, neither driver may run quicker than the time with which they dialled in because to do so would mean instant disqualification during eliminations (known as a 'Breakout') giving the other driver the automatic win to the next round. If both drivers run quicker than their dialled in times then the winner is determined by the driver who broke out in the least amount of their dialled in time. Another form of disqualification is a foul start (or Red-Light). This happens when the driver reacts to the 'Christmas Tree' too quickly and drives away from the starting line before the green light. Should dual infractions occur, say a red-light and then a break-out, the red light would be classified as the worst infraction. Its as simple as that.

**Event Format:** There will be one or two rounds of qualifying (dependant of time) for those drivers taking part in the Gamblers race followed by either 4 or 5 rounds of eliminations dependant on the field size. Those drivers/riders who don't make the field, sorry but that's part of the Gamble.

**Helmets are compulsory at all Shakespeare County Raceway Events.  
There are NO EXCEPTIONS**

**Time Table:** By 10.00 am all drivers/riders will be required to have been scrutineered and signed on. 10.00 am to 1.00 pm - one or two shot qualifying rounds. In the event of a 16 car ladder being run then the first round will begin at 1.00 pm and so on. Please listen to PA announcements. All timings are subject to change due to track and weather conditions permitting.

**How Much To Race:** In addition to the General Admission to the Raceway and the RWYB Track Fee of £25 (or £40 for the weekend) £10 buys you a place and a race number in the Bracket. This will go into the prize purse for the winner and runner up. Both will also receive a trophy for their efforts. Good luck and enjoy your day. Prize purse will be calculated on the number of drivers/riders.

**BUT REMEMBER - ARRIVE EARLY AT THE TRACK WITH AN EXTRA £10,  
HELMET, DRIVERS LICENCE AND OF COURSE YOUR VEHICLE.**

## GENERAL INFORMATION

The Management of Shakespeare County Raceway reserves the right to make changes to the rules and procedures outlined above. Any changes will be given out over the PA system. **NO** racing engines may be started before 10.00am. Please listen to all PA announcements.
